

Excellent question, Asmi — and you're absolutely right 🤝

Too many sources = scattered prep + burnout.

Let's trim the noise and pick **ONE best resource each** for **ESI** and **FM**, that's free + complete + structured for RBI Grade B.

🎯 **RBI Grade B — Best ONE Source Plan (Free)**

✳️ 1 ESI — *Economic & Social Issues*

🎓 Follow: Mrunal Patel's Economy Series + Monthly AffairsCloud PDFs

Why this combo works

- Mrunal (YouTube + PDFs) builds your **static + conceptual foundation** (Growth, Inflation, Fiscal, Poverty, etc.) in plain language.
- AffairsCloud's free **Monthly CA PDFs (Economy + Schemes)** keep you current on Government reports, data, & schemes.

How to study

1. Watch Mrunal's videos (Modules 1 to 10) in order → take short notes.
2. Every weekend, read the latest **AffairsCloud Monthly PDF** → **ESI Section** (Schemes, Reports, Indices).

Links

- 🎬 Mrunal YouTube → <https://www.youtube.com/c/MrunalPatel>
- 📚 AffairsCloud CA PDFs → <https://affairscloud.com/current-affairs>

This single path gives you both **static + CA** coverage — no need to touch anything else.

🧠 2 FM — *Finance & Management*

🎓 Follow: EduTap (Free Blog + YouTube)

Why this one

- EduTap designs content **only for RBI Grade B** — no fluff.
- It covers **Finance static, Management theories, RBI circulars, and MCQs**, all free through their blog & YouTube.

How to study

1. Go to <https://edutap.co.in/blog> → open the “RBI Grade B” category.
2. Read their free articles (Finance & Management sections).
3. Watch **EduTap RBI Grade B** playlist on YouTube for quick revision.

-

Summary — Stick to These Two

Paper	Resource	Type	What It Covers
ESI	Mrunal + AffairsCloud Monthly PDFs	Free	Static + Current
FM	EduTap Blog + YouTube	Free	Finance & Management both

That's it — no need to juggle Vision, IGNOU, or others.

If you'd like, I can map out a **simple 8-week plan** using only these two resources (what to watch/read each week) so you can stay on track.

Would you like me to make that plan for you?
